European Commission – SESAR Information Day

On 27th July 2007 the European Commission held an Information Day on the subject of SESAR in Brussels.

Members of the Commission's Single Sky Unit (DG-TREN) presented on a range of issues concerning the SESAR programme. Topics included:

- > Development challenges facing Europe
- > A status update on the SESAR Definition Phase
- > Information on the SEAR Joint Undertaking

More information is available [here](#) along with the presentations that were given on the day.

The ATM KN will be hosting a SESAR Information Event on 3rd October 2007 in Farnborough, where more information will be provided on SESAR and specifically targeted at the UK ATM Industry. More information and booking instructions are available on the ATM KN [web-site](#).
