ATM Industry Networking Dinner

**Wednesday 28th May 2008
19:00 for 19:30**

Macdonald Botley Park Hotel, Golf and Country Club, Winchester Road, Southampton. SO32 2UA

The ATM Knowledge Network will begin its fourth year during May 2008. Over the past 12 months the ATM KN has grown and become a focus for networking and collaboration building within ATM. The ATM KN has held regular events on the changing environment in European ATM and the opportunities that this evolution might provide.

Focusing on supporting the development of the UK ATM industry, topics such as the Eurocontrol Experimental Centre, SESAR and innovative post-SESAR R&D have been investigated. As a result a number of collaborations between primes, SMEs and the knowledge base have been created.

To conclude the Phase 3 activities of the ATM KN, I would like to invite you to attend the first ATM KN networking dinner at the Macdonald Hotel, Botley Park, Southampton. The dinner will offer a valuable chance to meet with colleagues from across the ATM industry, renew business relationships and develop new collaborative ventures.
